

Clerk's Report – Warham Parish Council – 28 September 2023

I have managed to arrange a new 3-year fixed price contract for street lighting with a supplier with the recommendation of Norfolk ALC. Until the end of August, we were paying 33.8p per unit to Npower and this increased to 50.188p per unit from 1 September (no standing charge). The new contract is from 18 September – there was a short delay in the change-over. The new contract charges 27.74p per unit plus a daily standing charge of 22.05p. All prices are plus VAT – which we can reclaim.

Any time now we should hear whether we have been successful in our bid for a grant to add timers to the streetlights, so that they are turned off between midnight and 5.30.am.

Nothing heard from Flagship or Homes for Wells, but I will keep pressing them.

David Reason is all signed up as a Councillor, and able to start work as soon as he has signed his Declaration of Acceptance of Office.
