

Clerk's Report – Warham Parish Council – 16 May 2024

The accounts for last year have been audited by Mel Catton of Wells. We can now go ahead and complete the paperwork necessary to satisfy the “powers that be”. Please have a look at the papers before the meeting, to speed the process when we get there! This is particularly important with regards to the Annual Governance Statement.

Bear in mind that we have put aside £100 to pay for, or to pay towards, a memorial for Alfie Williamson. This could be discussed under the “finance account” heading when the time is right.

I assume that the village green is getting cut as per the contract we have with the Andrews boys. Please let me know if you are happy with their work.
