

Clerk's Report – Warham Parish Council – 19 March 2026

In 2005 it was decided that since we had no appeals last year, the £200 budgeted would be applied to the new playground fund. We have not received any appeals this year either!

Following the last meeting I wrote to Flagship Housing on 22 January requesting a grant towards the playground. I have not received a reply.

I have had a couple of emails from the Geoffrey Watling Charity, who I have been hoping will still offer the grant of £7500 which they originally offered for the large (Kompan) scheme. Having told them that we are now working on a much-reduced plan, it looks as if they may produce a favourable result.

Pete Dagg has been working on an online course specially aimed at new Clerks. I'm hoping that this will ease the hand-over process because I don't have to cover everything. However, I have said that I will continue to assist him until at least the May meeting, and I'm sure that you will be able to help him also!
